## Classroom Literacy Enrichment Model

This CLEM model builds from a child-centered foundation using classroom routines and learning centers as the foundation for planning intentional literacy instructional strategies.

This two day training will provide participants with an introduction to the Classroom Literacy Enrichment Model (CLEM); a supplemental literacy curriculum for use in preschool classrooms. Training will include hands-on activities to prepare educators to integrate and implement literacy activities around the classroom in a developmentally appropriate manner.

### The goal is to provide participants with:

- research-based early literacy teaching strategies
- activities related to oral language
- written expression
- alphabetic knowledge
- print concepts
- phonological awareness

*You must have a copy of the CLEM Notebook.* (\$30.00 additional cost)

Bring your own or order with registration prior to January 1st, 2012 to ensure we have a copy for you.
