

# Paper Cup Cat Craft

## You will need:

A paper cup  
A polystyrene ball  
Black paint  
Glue  
Wiggle eyes  
Black craft foam  
Black wool  
Pink gem (you could use craft foam instead)  
White puff paint (ours was glittery too but it doesn't need to be) or fabric paint pen

## Instructions:

Paint your ball and cup with the black paint and leave them to dry. Glue the ball to the bottom of the cup.

Glue the ball to the bottom of the cup.

Glue two eyes on to the ball. Now cut two small triangular ears and two paws from black foam. Glue the ears to the ball and the paws to the front of the cup.  
Glue the ribbon to the back of the cup as a tail.

Cut three short lengths of wool and glue the to the ball under the eyes. Stick a gem on top of the wool as a nose.

To finish draw on a mouth and some claws with the fabric paint.

# Pumpkin Seed Jack O' Lantern Mosaic

## You will need:

Pumpkin seeds (roasted)  
Paint (orange, black and green)  
Paper  
Glue  
Kitchen foil to put seeds on while you paint them

## Instructions:

Paint your pumpkin seeds in orange, green and black. The easiest way to do this is to put them on kitchen foil so that they will not stick to anything while they dry. But it is a very messy job!

When your seeds are dry, sketch your design on to a piece of paper. Paint the design thinly with white glue (so you can still see your picture). Fill in the shape with your pumpkin seeds.
